Agenda

- **Welcome – 2 mins**
- **Review of Previous Week's Discussion – 5 mins**
- **Initial Reactions & Thoughts (Breakout Groups) – 15 mins**
 - SBWC Staffing Models
 - SBWC Partnerships (Internal/External)
 - Telehealth Integration/Staffing
- **Research Questions & Recommendations Draft (Breakout Groups) – 15 mins**
 - Currently school districts determine the base service menu. Should there be a neutral statewide entity making this decision to ensure consistency across the State? How would this function?
 - What should be the staffing for a base+ model?
 - Should the base staffing model be the same for all SBWCs that are classified as elementary and middle and classified as high school wellness centers? Who should determine this base staffing level and role definition?
 - How should we more clearly define the partnership between the school nurse and psychologist with the school-based wellness center staff?
 - What should be the model to engage outside partnerships/contractors to provide specific services for SBWCs (social services, dental, vision, hearing, etc.)?
 - How should SBWCs incorporate telehealth into SBWC staffing models? What services should be offered via telehealth and by whom/how?
- **Discussion on Recommendations, Priorities, & Implications – 10 mins**
- **Adjournment & Next Steps – 3 mins**
 - Prepare for next week's discussion: Space, Equipment, & Technology
