

STRATEGIC PLAN FOR DELAWARE SCHOOL-BASED WELLNESS CENTERS

Please join the Delaware Division of Public Health (DPH) and the Steering Committee for the current strategic planning process for a public town hall. The committee will present the work that has been conducted as part of this process and the resulting strategic goals developed to enhance school-based wellness centers across the state and support their role in strengthening the health and wellbeing of children and adolescents in Delaware. This virtual town hall will include live polling and an open Q&A period.

Please register for one of two town halls:
