Next meeting:

April 27, 1:00 PM – 2:30 PM

Finalize Implementation for Recommendation 8:

Ensure SBHCs serve as a part of a seamless continuum of care to meet the needs of students by collaborating with PCPs and other community provider where there is a medical home or connecting a child to an available medical home where appropriate. SBHCs will only serve as a student's primary medical home if all other options are exhausted.
